Statement of Basis/Proposed Plan issued for Savannah River Laboratory (SRL) Oil Test Site

The United States Department of Energy (DOE) will release a Statement of Basis/Proposed Plan on December 18, 2003, describing the proposed remedial approach for the SRL Oil Test Site (SRLOTS) operable unit at the Savannah River Site (SRS). The South Carolina Department of Health and Environmental Control (SCDHEC) will also release a draft Resource Conservation and Recovery Act (RCRA) permit modification for the proposed remedial action for this unit. The plan and draft permit modification will be available for public review and copying at the locations listed below. The public comment period is scheduled for December 18, 2003, to January 31, 2004. These documents were completed to meet the terms of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) and RCRA, laws governing the investigation and cleanup of waste units.

US DOE, the US Environmental Protection Agency (EPA), and SCDHEC have reviewed the risks associated with this unit and have evaluated cleanup alternatives. The three agencies are recommending the following action for the SRL Oil Test Site:
(1) No further action is required at the SRLOTS.

Comments on the Statement of Basis/Proposed Plan and the draft RCRA permit modification are requested by January 31, 2004.

A Responsiveness Summary will be made available with the Record of Decision and the final RCRA permit decision, and will be sent to each person who submits comments.

Copies of the Statement of Basis/Proposed Plan are available in the administrative record which also contains the Remedial Investigation/Feasibility Study (RI/FS) report for these units. The administrative record is available in the information repositories listed below:

DOE Public Reading Room at the Gregg-Graniteville Library at the University of South Carolina-Aiken campus in Aiken, SC; and Thomas Cooper Library Government Documents Department at the University of South Carolina in Columbia, SC. Hard copies of the Statement of Basis/Proposed Plan are available at the following: Reese Library at Augusta State University in Augusta, GA; and Asa H. Gordon Library at Savannah State University in Savannah, GA.
